Cookie Policy

Danmon Group UK Ltd uses cookies to ensure our website functions properly and to improve user experience.

Cookies are small text files stored on your device. We use:

- ❖ **Strictly necessary cookies** – required for core functionality and security
- ❖ **Analytics cookies** – to understand website usage and improve performance
- ❖ **Functionality cookies** – to remember your preferences

We only use non-essential cookies with your consent. You can accept, reject, or manage cookies via our website banner or your browser settings.

Some cookies may be set by third-party services (e.g., analytics or embedded content), which process data under their own privacy policies.

Where data is transferred outside the UK, appropriate safeguards (such as UK-approved agreements) are applied.

For more information, contact: info@danmon.com
